

CLEANING SUPPLIES AND EQUIPMENT CHECKLIST

Tips  Always read the label on your cleaning supplies

 Place cleaning kits throughout your home

 Vacuum instead of sweep. Brooms can spread dirt and leave behind dust

Must-Have Cleaning Solutions

All-purpose cleaner

This type of cleaner works on most countertops, sinks and stovetops. For granite and marble, stick to warm water and dish soap or a product made specifically for those materials.

Glass cleaner

Opt for a streak-free formula to clean your mirrors, windows and other glass surfaces with less effort.

Tile and grout cleaner

An acid-based, scrub-free solution works best on bathtub and shower tile, as well as toilets. You will want something mild for your tile floors, though, as acid can eat away at the tile itself and grout.

Wood cleaner

When cleaning wood, look for a polish made for the type of finish on your wood. Floors with a polyurethane seal need only a solution of warm water and a mild dishwashing soap. In general, though, you will want to use as little water as possible when cleaning wood.

Must-Have Cleaning Tools

- Microfiber cloth
- Extendable duster
- Scrub sponges
- Toilet brush
- Vacuum
- Bucket
- Microfiber mop
- Grout brush
- Rubber gloves

Other specialty cleaning products and tools you might need:

- Hard-water cleaner**
Use for shower glass and fixtures.
- Squeegee**
Use for showers glass and exterior windows.
- Glass stovetop scraper**
Use on flat glass-ceramic cooktops only.

 **Going green? Find an eco-friendly product for any of the above solutions.**

Don't feel like rounding up a bunch of cleaning supplies? Contact your local Molly Maid to discuss a custom cleaning plan that's just right for your household. We already have all the cleaning supplies and equipment we need to get your house sparkling clean.
